

Salon Check-in Form

Client Name _____
Phone # _____

Pet Name _____
Date _____

- Bath and Brush (includes nail trim and ear cleaning)
- Grooming (includes haircut, bath, nail trim, ear cleaning)
- Furminator deShedding Package (in addition to bath or groom)

The following treatments are recommended to be added to any grooming service to further enhance your pet's experience and special needs:

FURminator® SHED-LESS Treatment

- A premium 7 step de-shedding service that includes a low-shed shampoo followed by an application of deShedding™ solution, plus up to 30 minutes of extra brushing with the FURminator tool. An amazing process that dramatically reduces shedding up to 90% (when performed regularly every 5-7 weeks).

Shampoo

- Standard Sweet Pea Shampoo** (included)

A deodorizing shampoo that is soap-free and pH-balanced for a non-drying, deep cleaning that leaves the coat soft and bright.

- Aloe & Oatmeal**

Specifically formulated with Oatmeal and Aloe Vera to promote healing and soothe dry itchy skin.

- Whitening & Brightening**

A professionally formulated shampoo that contains optical brighteners. It cleanses safely, yet greatly reduces stains, highlights and brightens all colors, while deodorizing.

*Recommended for dark or white coats.

Skin & Coat Conditioners

- Aloe & Oatmeal Conditioner**

A special formula that helps reduce tangles, knotting, matting and inhibits static electricity. Contains conditioners and emollients for moisturizing and promotes hydration of the skin and coat. Aloe Vera and Oatmeal help nourish the skin and help control itching, flaking and scaling.

- Hot Oil Treatment**

Soothes rough, dry skin and restores moisture to dull, lifeless coats. Leaves coats with a vibrant, healthy shine. A combination of 2 Hot Oil Components helps to re-moisturize, revitalize, and protect coats.

Regular use prevents dryness and keeps coats looking their best.

Nail Services

Nail Trim (included) Nails are clipped as short as possible.

Nail Dremel/File

With the use of a special dremel tool, we are able to get nails shorter than with traditional clipping. Dremeling also enables us to round off the sharp edges that clipping leaves behind to help protect you, your furniture, and your hardwood floors.

Nail Painting

After a nice cut and file, why not complete the pawdicure with some pawlish!

Grooming Notes: _____
