Notes (for Dogwood staff):

By signing below, I agree that all of the information provided above is accurate and detailed to the best of my knowledge. I recognize that this information will be used as a guideline to help provide a safe and enjoyable environment for my dog while he/she is participating in Dogwood's Daycare offerings. I trust the staff at Dogwood to provide a structured and playful experience for my pet and will inform me of any concerns that they have.

Standard Daycare Policies and Group Play Consent Form

Daycare Guest name: _____

_____ Dogwood Veterinary Hospital & Pet Resort will perform a temperament test on all dogs prior to introduction into Dogwood Daycare. The temperament test allows the opportunity for a dog to be slowly introduced to group play while under the close supervision of our staff. We will review the information provided by you and use that information in conjunction with the temperament test to determine your dog’s suitability for group play or Daycare. We will make every effort to place dogs in appropriate groups based on temperament, energy level and age. Dogwood Veterinary Hospital & Pet Resort reserves the right to refuse group play to your dog if any aggressive behavior is exhibited towards another dog or human. Dogs, like people, may have a bad day or not get along with certain dogs. If this is the case, we may remove your dog from the group for a “break”.

_____ All vaccinations must be current. Proof of Rabies, DHPP, Bordetella vaccines, Heartworm test (annual), and Fecal test or deworming (bi-annual) must be provided prior to admittance into Dogwood Daycare. If your pet is not current, vaccines and bi-annual parasite recommendations will be administered at the first visit. All guests will be screened for fleas and ticks. If external parasites are noted, they will be treated appropriately, and charged at regular rates.

_____ All dogs over the age of six months must be spayed or neutered in order to participate in group play or Daycare.

_____ Until fully vaccinated against Distemper, Rabies and Bordetella (for puppies), Puppies and Kittens under the age of 16 weeks will not be allowed to participate in group play or Daycare.

_____ Dogwood Veterinary Hospital & Pet Resort will practice diligence to ensure the safety, wellbeing, and happiness of every dog or cat in Daycare. However, there are certain risks associated with allowing the freedom of dogs interacting with other dogs. Even with constant supervision, nips, scratches, muscle soreness, disease, and dog fights may occur. Each pet owner needs to understand the risks involved.

_____ By signing below, I understand and agree to the terms stated above. I understand the risks associated and I authorize Dogwood Veterinary Hospital & Pet Resort to medically treat my dog if necessary, and I agree to pay for any and all fees incurred. In addition, by signing below, I release Dogwood Veterinary Hospital & Pet Resort, its staff, doctors, agents, and all affiliates from any and all liability for any injury or damage that may arise from, but not limited to, actions from another dog during group play or Daycare.

_____ Daycare pricing is based on the weight of your pet. We recommend dropping your pet off by 9:30 am and picking up after 3:30 pm to ensure maximum play-time for your pet. Please talk to our staff about all of our daycare offerings and the costs associated with them. Due to the overwhelming popularity of Doggie Daycare, we are not able to offer individual daycare (non-group play). Guests not picked up by 5pm will be kept overnight in our resort and nightly boarding rates will apply.

Dogwood Veterinary Hospital & Pet Resort prides itself on providing a safe, happy, and comfortable place for our canine guests and their owners. We enjoy and strive to keep open and honest communication with all of our clients and will let you know how your dog is doing. In addition, we are always open to suggestions on how we may make your and your dog’s visit with us even better. Please do not ever hesitate to ask if you have any questions regarding your pet’s stay with us.

This agreement and its terms bond a relationship between Dogwood Veterinary Hospital & Pet Resort and yourself. Each time your dog enters Dogwood Veterinary Hospital & Pet Resort, you affirm the terms of this agreement and agree to indemnify and hold Dogwood Veterinary Hospital & Pet Resort and its staff, doctors, agents, and all affiliates harmless from all liability and claims.

Please note that we provide food and water bowls for all pets during their stay with us. We also offer pet cots and fresh bedding. You are welcome to bring some of the comforts of home and we will gladly place these items in your pet's suite with them. We sometimes have to remove bedding and toys if they become soiled. Though we use care in handling your pet's belongings and we label and store them appropriately, we cannot guarantee that these items will not be lost or damaged during your pet's stay.

Treatment release form and emergency consent

It is our goal to provide your pet with the best care possible in any circumstance. If an emergency arises or a procedure is necessary while your pet is staying with us, we will make every possible effort to contact you. In case we are unable to reach you, we ask that you sign this release form. Your authorization on this release will allow for us to provide veterinary care in your absence. Please let us know if you authorize anyone else to make these important decisions on your behalf.

Please choose **one** of the following:

a) Treat my pet as needed. Do any and all exams, diagnostic tests, treatments, and surgeries necessary for the best interest of my pet. I accept full financial responsibility for all charges related to the treatment of my pet.

Signature: _____ Date: _____

b) Treat my pet as needed but not to exceed \$ _____. I accept full financial responsibility for all charges related to the treatment of my pet.

Signature: _____ Date: _____

c) Please do not treat my pet without contacting me first. I understand that if I or my agent cannot be contacted, my pet may not receive the best medical treatment, even in a life-threatening situation.
